

The New  
Hyundai i30

\* IMAGE USED FOR ILLUSTRATION PURPOSES ONLY. PLEASE CONTACT YOUR MAIN HYUNDAI DEALER FOR MORE INFORMATION

## Distinctly dynamic. The new Hyundai i30.

Creating a great impression starts with striking good looks. The strong characteristics of the new Hyundai i30 are immediately apparent. It starts with the signature hexagonal grille flanked by LED daytime running lights, and is confirmed by finely sculpted bodywork and newly designed alloy wheels.

# Increased performance. Reduced consumption. More choice.

The dynamic performance suggested by the flowing lines of our “Fluidic Sculpture” design concept is delivered by an extended range of diesel engines. All are Euro6 compliant. Available with 1.4 or 1.6 diesel engines is our 6-Speed Manual Transmission. This 6-Speed Manual Transmission delivers incredibly precise gear changes and a smooth, confident feel.

7-Speed Dual Clutch Transmission offers cutting-edge technology in the next generation automated transmission area that achieves superior fuel efficiency and convenience in automatic transmission. DCT enables smoother and faster shifting without the usual inefficiencies of a conventional automatic gearbox.

Now also available in a 1.4 Petrol engine is another 6-Speed Manual Transmission to improve your array of options across the i30 range.

The enhanced driving experience of this new i30 is made even more satisfying by an interior design that echoes the expressive flowing lines of the exterior.

Combined fuel consumption for Hyundai i30 range: 3.8 – 5.8/100km.  
Combined CO2 emissions for Hyundai i30 range: 99 – 135 g/km.

\* IMAGE USED FOR ILLUSTRATION PURPOSES ONLY, PLEASE CONTACT YOUR MAIN HYUNDAI DEALER FOR MORE INFORMATION

Whether you choose the Hatch or the Wagon, the high quality interior of the new i30 will make each journey even more rewarding.

# Sensuous quality meets intuitive technology.

The closer you get, the more you'll appreciate the tangible quality that is evident throughout the new Hyundai i30. Within the very roomy interior you'll notice that materials have been selected not only for longevity, but also to create a quality impression to the eye and to the touch. In addition, all the available state-of-the-art technologies are designed to make every journey as stress-free as possible. Here are some highlights:

**Rear Parking Sensors.** Discretely located sensors detect and give acoustic warning of potential obstacles while manoeuvring in confined spaces. \* Available on Deluxe & Premium models

**Dual-Clutch Technology.** The 7-speed Dual-Clutch Transmission (DCT) brings distinct benefits to both performance and fuel efficiency. \*Automatic only

**Panoramic Sunroof.** The twin-panel roof offers true open-air driving fun. At the touch of a button, the front panel opens and a wind deflector is activated for passenger comfort. \* Available on Premium only

**Voice Activated Bluetooth.** Should you need to get in touch with friends or family en route, standard hands-free Bluetooth lets you make phone calls without taking your eyes off the road. That's another piece of safe and clever technology on board the i30.

# The i30 Wagon. A masterpiece of versatility and convenience.

Looking at the exterior of the new Hyundai i30 Wagon, it's difficult to believe how much usable interior space is available. What's more, you can rearrange the seating and load space configuration to suit your needs. It's amazing how versatile a compact car can be. And, like the three-door and five-door variants, the Wagon is available with features that take the stress out of everyday driving.

**Luggage Space.** Behind the rear seats is a generous load area with 528 litres of luggage space. Accessed via a conveniently low loading lip, the load area can be obscured by a retractable load cover.

**60:40 Split-Fold Rear Seats.** Split-fold rear seats add the versatility to transport awkwardly shaped loads while still carrying passengers. With all rear seats folded, 1642 litres of load space are available.

**FLEX STEER™ display.** Each time you select a different FLEX STEER™ mode, confirmation is shown on the driver display with different modes to choose from.

**Auto Cruise Control with Speed Limiter.** Auto Cruise Control with Speed Limiter. The speed limiter function can be set to prevent unintentional speeding. \* Available on Deluxe & Premium models

# The Hyundai i30 Classic comes with the following specification as standard:

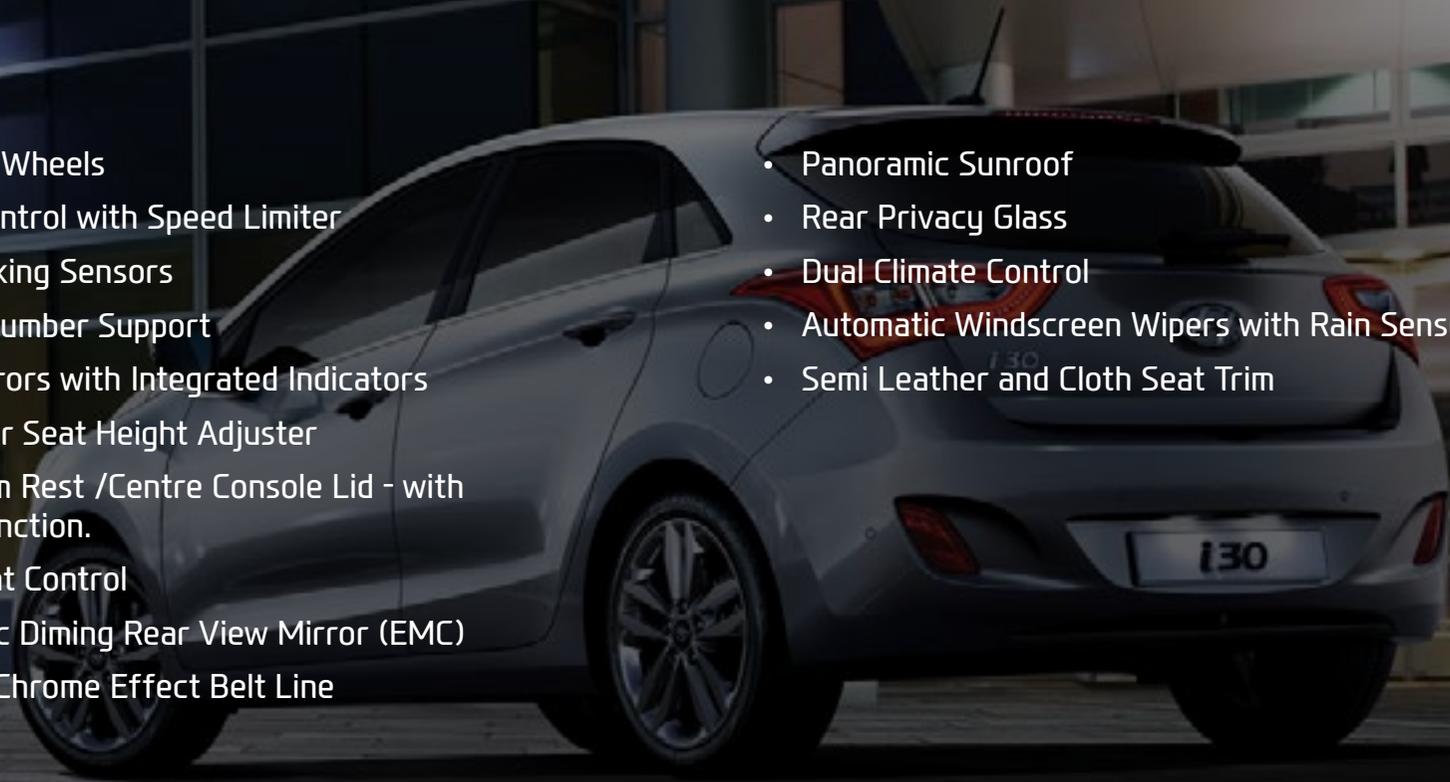

- Driver and Passenger Front and Side Airbags, plus Full Length Curtain Air Bags
- Isofix Child Seat Anchorage Points
- 15" Steel Wheels with Wheel Trims

# New Thinking. New Possibilities.

We, at Hyundai, are inspired by the passion to create cars that exceed your expectations. Dedicated to the way things should be, not the way they are. Looking for answers before the questions have been asked. We never stop searching for better solutions that help you get more out of life. It's just the way we are.

What does this mean for you? It means that the Hyundai you drive has been engineered to surprise you with its built-in quality. To compliment you with its striking design. To care for you, your family and passengers with its embracing strength. To minimize its impact on the environment. And to satisfy you with intuitive packaging that leaves nothing to be desired.

All of this being the product of new thinking that opens up a world of new possibilities.
