

The new  
Hyundai ix35

 NEW THINKING.  
**HYUNDAI** | NEW POSSIBILITIES.

# New Thinking. New Possibilities.

We, at Hyundai, are inspired by the passion to create cars that exceed your expectations. Dedicated to the way things should be, not the way they are. Looking for answers before the questions have been asked. We never stop searching for better solutions that help you get more out of life. It's just the way we are.

What does this mean for you? It means that the Hyundai you drive has been engineered to surprise you with its built-in integrity. To compliment you with its crisply fluid design. To care for you, your family and passengers with its embracing strength, and to minimize its impact on the environment. All of this being the product of new thinking that opens up a world of new possibilities.

# Take a closer look

It's not easy to improve on a success story like the ix35. But we have. There's no reason to meddle with the attractive and distinctive "Fluidic Sculpture" design and rugged family SUV stance that has made the ix35 so well received. Instead we searched for specific enhancements, like bi-xenon headlights and new alloy wheels. We also fine-tuned the handling, improved efficiency and added even more safety features. And, being only human, we couldn't resist adding one or two visual enhancements too - just look at those sleek new rear lights.

Rear LEDs standard on Executive & Premium models only

## Between the lines

Defined by flowing sculpture lines, the smoothly contoured bodywork creates an unmistakably confident impression, while the sleek silhouette sits comfortably on the raised SUV platform. Careful attention to design detail is emphasized by new projector headlights with integrated LED daytime running lights. You can sense that the new ix35 is just waiting to be driven.

- 5 YEARS UNLIMITED MILEAGE WARRANTY
- 5 YEARS ROADSIDE ASSISTANCE
- 5 YEARS VEHICLE HEALTH CHECK

New LED taillights. Bright, attractive enhancements to the rear aspect of the new ix35.

Rear LEDs standard on Executive & Premium models only

The image shows the interior of a car, focusing on the front and rear seats. The seats are upholstered in a rich brown leather with visible stitching. The front passenger seat is in the foreground, and the driver's seat is slightly behind it. The rear bench seat is visible in the background. The car's interior is dark, with a sunroof visible on the ceiling. The windows show a bright, hazy outdoor scene. The overall atmosphere is one of luxury and comfort.

# Step inside

Wherever you look you'll be reminded of the expressive exterior design of the ix35. Its "Fluidic Sculpture" theme extends throughout the roomy interior, offering high levels of comfort in high quality materials, for all occupants. Seats are contoured to provide comfortable support especially when cornering.

Half leather available on Executive and full leather available on Premium model.  
Colour shown is for illustrative purposes only. Only available in black.

## It all fits perfectly

The distinctive character of the iX35 design is just as evident throughout the interior, where the dashboard and instrument panel are defined by bold, sweeping shapes. Instruments and displays are located for optimal legibility, and all controls are ergonomically positioned for effortless, intuitive control. And we've made sure that fit and finish are both exemplary and inviting. Make yourself at home.

**\*Information display.** The new optional instrument cluster includes a 4.2" TFT-LCD menu-controlled screen, displaying information concerning vehicle operational status. \*Available as an option.

# You've earned it

Inside the ix35 is a great place to be whether you're driving or being driven. To make this comfortable car even more comfortable you can specify your ix35 with your personal selection of features that help make even the longest journeys a pleasure.

- 5 YEARS UNLIMITED MILEAGE WARRANTY
- 5 YEARS ROADSIDE ASSISTANCE
- 5 YEARS VEHICLE HEALTH CHECK

**Stay connected.** Take your favourite entertainment with you wherever you drive. The integrated AUX-in, iPod and USB connections make it all possible.

**\*Heated steering wheel.** A "must have" option for the start of any journey after your ix35 has been parked outside in winter.

\*Available as an option

**\*\*Heated seats.** Bringing an extra dimension to the word "comfort", the heating elements embedded in the seats quickly warm you up on the coldest winter morning. Even the rear seat bases are heated.

\*\*Standard in Executive & Premium models

**\*Panorama Sunroof.** The powered glass sunroof opens to let in the sun for a great alfresco feeling, and there are also roll out blinds to protect the interior from too much glare.

\*Available on Premium model only

**\*Light sensor.** As darkness descends, or on entering a tunnel, headlights and tail lights are automatically illuminated while driving. Lights are automatically extinguished when light conditions have returned to normal.

**\*Rain sensor.** The detection of raindrops on the windscreen-mounted sensor activates the windscreen wipers. The wiper speed is automatically adjusted to cope with the density of the rainfall.

\*Standard on Executive and Premium models only

# We're here to help

Today's driving conditions can be far from ideal. Which is why the ix35 is available with a variety of user-friendly driver assistance systems. All have been developed to make everyday driving a safer and more relaxing experience.

**\*Rear view camera.** When reverse gear is selected, the camera feeds a live view of the area behind the car to the 7" TFT LCD navigation screen or the 4.3" TFT LCD audio display.

\*Available as an option

**Parking sensors, \*front & rear.** Discretely located sensors detect and give acoustic warning of potential obstacles while manoeuvring in confined spaces. Visual warnings also appear on the optional new TFT LCD information cluster. \*Front sensors available as an option

**Cruise control.** Simply set the speed you want and the car will maintain that speed until you intervene by braking, accelerating or changing gear. The speed limiter function can be set to prevent unintentional speeding.

## Room for your ideas

The ix35 has been conceived to help you get more out of life. That means having a reconfigurable interior that's just as versatile as you are. The rear seat backs can be folded down together to create an extremely practical 1436 litres load space, or separately in the ratio of 60/40 according to your needs. But even with all seats in use, there's a very respectable 465 litres load space under the retractable cover.

**Split-fold rear seats.** The rear seats are individually foldable so you can carry one or two rear seat passengers and still accommodate lengthy cargoes.

**Folded rear seats.** Folding down the rear seat backs of your ix35 expands the carrying capacity to 1436 litres.

## iX35

The iX35 Limited Edition Celebration is available with the following \*specifications as standard:

Driver Air Bag  
Dual Air Bag  
Passenger Air Bag with Deactivation Switch  
ABS with Rear Disc Brake  
Electronic Stability Control  
Vehicle Stability Management  
Hill Assist Control  
Active headrest  
Emergency Stop Signal

16" Alloy Wheels (Celebration and Comfort only)  
Full Size Spare Alloy Wheel & Tyre  
LED Daytime Running Light  
Front Fog Lamp  
Body Colour Door Handle and Bumper  
Chrome Grill

Cloth Interior (Celebration and Comfort only)  
Centre Console Armrest  
Glove Box Cooling Function

Multi Media - Radio +CD+MP3+RDS+Clock)  
USB +AUX  
Manual Air-conditioner (Celebration and Comfort only)  
Mud Flaps (Front & Rear)

**The iX35 Comfort Model includes all of the Limited Edition Celebration Model Plus:**

Rear Parking Assist System  
Leather Steering Wheel and Gear Knob  
Heated Seats (Front & Rear)  
Bluetooth® Hands free with Voice Recognition  
Cruise Control  
Multifunction Steering Wheel

**The iX35 Executive Model encompasses all of the Comfort Model specification plus:**

17" Alloy Wheels  
LED Rear Combination Lamp  
Auto Light Control  
Exterior Mirror: Electric with Folding Function  
Exterior Mirror: Side repeater Lamp  
Half Leather Interior (executive Model only)  
Back Warning Camera  
Manual Lumbar Support  
Rear View Mirror (Electro-chromatic Mirror with Compass)  
Dual Zone Climate Control

**The iX35 Premium Model incorporates all of the Executive Model specification plus:**

Solar Control Glass (with UV Protection)  
Full Leather Interior  
Panoramic Sunroof

\*Specifications may vary. Please consult your main Hyundai dealer for more information.

# Engineered to put a smile on your face

Is driving sometimes a bit of a chore? Not with the new ix35. We've developed technologies that enable you to tune your drive to suit prevailing traffic conditions, terrain or even the way you feel. Plus features that intervene to make hill starts easier, or to maintain control in steep descents. Engines are both powerful - you can have up to 136 PS - and fuel-efficient, the chassis has been engineered to provide a sporty but comfortable ride. Our Motor Driven Power Steering with speed-adaptive characteristics delivers sharper responses, improved feedback and uses less energy. So every drive could put a smile on your face.

**Hill-start assist Control (HAC).** Starting on hills has never been easier. HAC briefly uses the brakes to stop the ix35 rolling back when moving off.

**Downhill Brake Control (DBC).** When activated on severe descents, your ix35 moves downhill at a gentle, controlled pace without you having to apply the brakes..

Specifications may vary from that shown. Please contact your local Hyundai dealer for more information.

**4WD.** Off-road, or in extreme driving situations, four driven wheels are better than two. Under normal conditions front wheel drive is more than adequate and more efficient, so the "on demand" 4WD system automatically engages only when required.

**Electronic Stability Control.** Maintains vehicle control by subtle brake or throttle intervention when sensors detect potential instability when manoeuvring at speed.

**Trailer Stability Assistant** detects any tendency for a trailer to break out of line and counteracts the sideways movements via the ESC system.

**Electronic Brake force Distribution (EBD).** Stopping power is maximized by automatically modulating the degree of brake force applied to each wheel, depending on factors such as road conditions, speed and vehicle loading.

**Tyre Pressure Monitoring System (TPMS).** This provides real-time detection of tyre pressure irregularities, including dangerous sudden deflation. Maintaining correct tyre pressures also ensures lower rolling resistance for better fuel economy.  
(Warning lights only)

**Active head restraints.** Front seat occupants are protected against whiplash injuries by head restraints that protect the head and neck by moving forward to in a rear-end impact.

# You're in good hands

On today's roads it's increasingly important to be able to stay out of trouble. Your ix35, with Electronic Stability Control (ESC), is ideally equipped to execute extreme avoidance manoeuvres when necessary, while remaining safely under control. Trailer Stability Assistant is a further development of ESC, providing engine torque reduction and measured brake intervention on individual wheels to prevent a trailer breaking out of control when changing lanes, or in violent crosswinds. Vehicle Stability Management (VSM) regulates the interaction of the steering, stability and braking systems, while Brake Assist System (BAS) increases braking power in an emergency to reduce stopping distances.

The 4WD system in the ix35 (when specified) senses traction loss at the wheel and intervenes by distributing torque to the wheels that do have traction. An extremely useful safety function when driving on partially wet or icy surfaces. Of course, tyres must be correctly inflated at all times, and our Tyre Pressure Monitoring System (TPMS) gives you instant warning of sudden pressure loss via a dashboard display.

Passive safety.  
No matter how well you drive, there's no accounting for the road behaviour of others. So, should it come to the worst, it's comforting to know that your ix35 has been built to keep you safe and sound. The combination of impact energy load distribution, a sturdy safety cage and front airbags that adapt their response to the situation, has resulted in the ix35 being awarded the maximum 5-star rating by EuroNCAP.

Six airbags. Dual front, dual side and dual side-to-rear curtain airbags protect occupants in the event of frontal or side impacts.

# The power of efficiency

Our efficient turbocharged common-rail diesel engines deliver high levels of usable torque. Furthermore, our Blue Drive technology with \*\*ISG reduces emissions levels without affecting power or performance, resulting in 135g/km\* for the diesel 1.7 CRDi or 139 g/km without \*\*ISG.  
\*\*ISG is available as an option only.

The following diesel engines are available: a 1.7 CRDi (85 kW/115 PS) and a 2.0 CRDi 100 kW/136 PS. The ix35 is available with your choice of 6-speed manual transmission or 6-speed automatic with sequential shifting.  
\*CO<sub>2</sub> emissions, combined

**\*Blue Drive.** This technology has been developed to further reduce emissions and fuel consumption. It includes Intelligent Stop & Go (ISG), which seamlessly switches the engine off and on as necessary when you're stopped at lights or in traffic. It also involves low rolling resistance tyres and super-efficient alternator management.

\*Available as an option

# Accessories

**Steel cargo separator**  
Separates the boot of your ix35 from the passengers compartment.  
Part Number: 2S150ADE00

**Front Skid Plate**  
Part Number: HMY3610029

**Rear Skid Plate**  
Part Number: HMY3610031

**Entry guards**  
Part Number: 2S450ADE00

**Blue LED lighting foot area**  
Concealed floor illumination for the front foot space. It provides welcome illumination that automatically switches on and off with the opening and closing of the front doors.  
Part Number: 99650ADE00

**Safety bag**  
This convenient collection of safety items includes a first aid kit, two safety vests and warning triangle. Complies with DIN 13164 standard.  
Part Number: 99940ADE00

**Rear bumper protection foil, black**  
Custom-made black protective foil for the top surface of your car's rear bumper. Prevents damage to the painted surface while loading and unloading. Self adhesive.  
Part Number: 2S272ADE00

**Side steps "sporty"**  
Sporty and functional, in matt aluminium optic with anti-slip rubber inlays, they improve access to the cabin and roof-mounted accessories.  
Part Number: 2SF37AQ010

# THE FUTURE IS CERTAIN.

Your Hyundai ix35 is built to the highest quality standards. To ensure your complete satisfaction, we also offer our highest level of warranty protection: the 5-Year Unlimited Mileage Warranty that reflects our commitment to long-term quality assurance and customer care.

## 5-YEAR UNLIMITED MILEAGE WARRANTY

Your 5-year unlimited mileage\* warranty provides bumper to bumper coverage, including powertrain, plus a 12-year anti-perforation warranty. Your warranty is valid in 26 countries across Europe, excluding Russia, Croatia, and Ukraine.

Vehicles used for taxi or rental car purposes are covered by a 3-year, 100,000 km warranty.

## CARE & RELATION

The promise of a generous brand that cares about consumer needs, listens to feedback, and is keen on understanding how it can make a difference to people's lives.

## 5-YEAR ROADSIDE ASSISTANCE

As part of Hyundai's commitment to aftersales excellence, we have teamed up with AA Ireland offering you Hyundai Assist Roadside Assistance.

## STRESS-FREE

A commitment to improve the quality of the ownership experience over time.

## 5-YEAR VEHICLE HEALTH CHECK

In addition to your annual main service maintenance, your Hyundai dealer will perform a check on key elements of your ix35, including engine, transmission, steering, suspension, and brake systems, during your 5-year warranty period.

## RELIABLE

A reassurance over Hyundai's quality product, aimed at reducing perceived risks and lowering barriers to consideration.

Hyundai is constantly focused on understanding the changing needs of our customers. This is why we carefully listen to your feedback, and never stop the search for new ways to increase your long-term satisfaction as a Hyundai owner.

We hope our 5-Year Warranty package shows our commitment, appreciation, and focus on ensuring a reliable premium ownership experience. Together with our dealers across Ireland, we look forward to serving you, and exceeding your expectations each time you turn to us.

# The choice is yours

## Exterior Colours

Creamy White (TCW)

Cool Red (TWR)

Sleek Silver (RAH)

Steel Gray (ZAR)

Phantom Black (PAE)
